

## BACK TO SCHOOL: THE BEST SHOPPING GUIDE

The following checklist is designed with the aim to guide you to have an awesome and stress-free time while getting ready for the back to school activities. The ideal time, I think, for a back to school shopping is 1-2 weeks before classes start. If you're unfortunately just a few days away from a new year, just start at the beginning of the list and try to catch up as quickly as possible. Use the boxes to the left of the items to check off items as you purchase them.
